## The Program:

Campers will be assigned a horse/pony for the week/day based on ability, size and age. Monday morning the pairs will be evaluated for compatibility and may be changed if it is thought another mount would be more suitable. (due to the nature of horses we can not guarantee the same horse all week)

Campers will ride twice a day (weather permitting) Clinics about various aspects of stable management will be done during non riding times and will include "hands on" opportunities with the horses. All clinics and lessons will be geared to both experience and age

Each Student will assist with the care of their individual horse/pony, giving them a better understanding of the responsibility of horse ownership and care.

Friday afternoon Family and Friends are invited to join us for a small horseshow. The purpose of the event is to allow the riders to show off their accomplishments so the competition is low-key and there will be ribbons for ALL.

## Time:

Drop-off between 8:30 and 9 am

Pick-up between 3:30 and 4 pm

Early drop off and late pick up can be arranged when necessary please inquire ahead of time

## Apparel:

Campers must wear an ASTM approved riding helmet. If you do not have one, one can be rented for the week . (Please note that older "hand me down" helmets will most likely NOT be ASTM approved and therefore not safe or legal. ) Long pants and well fitting boots that cover the ankle and have a heel no more then 1 inch no less then 1/2 inch . Hiking boots or boots with thick treads will NOT be allowed.

Remember to send, lunch, with cold pack, if necessary, sunscreen, a hat and cooler clothes for hot days.
